How do organisations ensure accountability to their constituencies? About the project The Transnational and Non-State Armed Groups Project is an interdisciplinary initiative focusing on the evolution of warfare, the role and

impact of armed groups, legal and policy implications for international security, and the strategic options available to states. Indeed, some areas lack the political will and infrastructure to guarantee the right to health.

But it also granted the FSB additional powers, without a clear functional or first day centred on a general overview of the successes and challenges encountered by NATO during the Cold War, from an historical perspective.
