She has a book trailer there too! But the other, more dominant, factor is that the time travel element just does not fit with the series at all.

This future has its problems, but is mostly just really cool. It makes zero sense. I wouldn't say it's necessary to read the series in order since the storylines of each book are mostly independent, but I do think it would be better to read them in order. To view it, click .

Would you like to report poor quality or formatting in this book? I'm not going to have it published through a variety of houses, including Kensington, St.
