Review: The Glass Room by Simon Mawer | Books | The Guardian

A New York Times Best-Seller Honeymooners Viktor and Liesel Landauer are filled with the optimism and cultural vibrancy of central Europe of the s when .

The home at the heart of *The Glass Room*, Simon Mawer's eighth novel, is the opposite of primitive. Its architect, Rainer von Abt, regards brick.

Mozilla and Tactical Technology Collective present the Glass Room, a free exhibit that reveals the dynamics of living in the Internet age.

With the Glass Room that forms the open-plan living area, the building will always be controversial. Mawer has it tell a story of the 20th century.

The Rest of It: The Landauer House will transcend the new optimism of Central Europe with its straight lines and understatement. In the second half of the novel, Mawer rotates several different casts through the Landauers' home, using The Glass Room glass room to examine people entirely unlike the original owners.

Viktor Landauer Liesel Landauer. So the omens are not good. I'm the author and I've got two female characters. Simon Mawer's latest book is a historical novel set in Czechoslovakia in the late s. It was as though they stood inside a crystal of salt. It was basically givento Hitler in the late 's by its allies - Great Britain and idealist determined to throw off the trappings of religion, aristocracy and nationalism, he's prone to grand slogans about the future and eager to enlist a mesmerizing young architect from Germany, "a The Glass Room of space and structure" who shares his sense of the exciting new world. His work is peaceful -- lots of careful measuring and photographing, "the cool gaze of scientific objectivity" -- but that only renders the whole enterprise more obscene.
