In the annals of show-business biographies, one could be often grateful for a bit more concentration on the work that made one interested in reading the life in the first place; here the balance is tilted the other way. Phillips takes us on a journey to a place beyond the formalities of filmmaking into the heart of the artistic process itself and into the soul of a true cinema artist.

Getthemontageright—ashedidin"Pygmalion"—aDavidLeanbeganhiscareer
Lean's approach to filmmaking was far different than that of many of his contemporaries. He carefully chose his projects and, as a result, directed only sixteen films in a span of more than forty years. Beyond the Epic is a vital assessment of a great director's artistic process and his place in the film industry.
