He has been selected to serve as Southern Cross's pilot and captain on this particular tour. This is an older The Enemy Stars book - first published in - and it takes great liberties with science, how people can function in space, featuring mostly male characters. In desperation Ryerson teleports himself to the receiver, leaving the more cautious Maclaren . Anderson is a bit info dump heavy early on, but once the story gets going it's sac. It is one of the things that makes his fiction stand out from. The character studies, the homage to the explorer, the commentary on youthful rebellion, were all subtly introduced and carefully managed but marginally unsatisfying for their lack of development.
