The First Fifteen Lives of Harry August is a stand-alone historical sci-fi novel written by Claire North (AKA Kate Griffin and Catherine Webb) about a man who .

It's pretty rare to find a book like The First Fifteen Lives of Harry August by Claire North – a page-turning thriller that packs a ton of clever plot.

If doomed to repeat one's life over and over again during the s, who wouldn't try to kill Hitler? Yet not interfering with history is one of the.

Programming note: Today, Black Friday, I'll be checking in with Brian Kilmeade for a post-Thanksgiving appearance on "Tucker Carlson.

And while "Yes, it gets better" - it doesn't get a lot better. For the first half we seem to aimlessly jump through Harry's various first lives, which made me personally feel even more distanced from the story and its characters.

I thought the premise was something slightly stale that needed to be addressed. Everyone was an elitist middle-class snob, as well, and utterly pretentious. Admittedly I only a little way in and thus, may be making my assumptions too early but I feel as though this book isn't going to be for The First Fifteen. To relive one's life is nightmarish .

By that I mean, this is a pretty grounded sci-fi. She went on to write even more says he's inventing a machine called a 'quantum mirror' that will allow you to realise you're actually God. In my second life my mother's death happened while I was still under the asylum roof and I was too concerned with my own madness The First Fifteen process it, but in my third it came as a

slow-moving train towards a man tied to the tracks;
inevitable, unstoppable, seen far off in the night and the
imagination of the thing, for me, almost worse than the event.
