Experience and Representation Dr. Each chapter successfully challenges us to go beyond the sometimes caricatured accounts of recent Polish migration and to think carefully about the many and diverse experiences, scales and discourses of emigration and immigration, setting these unfolding processes in their proper historical and geographical context. Typeoffamilyunitbygender. Dynamics of migration from Poland after May 1st - Selected countries. In order to conceive the portrait of post-accession migration from Poland, the article presents the combination of data sources: In the Netherlands the number of share of singles systematically increasing since Post-accessionmigrantsaremostlymale,youngandsingle,whichisthechar of the most important sources of information on post-accession migrations are, apart from censuses which are conducted very rarely, next round about in the EU countrieslabour force surveys LFS of both sending and receiving countries. Home Office estimates that about 30 per cent of pre-accession migrants had changed their status from unregistered to legal status.
