Great review of Squarespace. The aesthetics of the Squarespace templates are by far the most visually appealing. Once you have Mailchimp set up as in your newsletter sign up form you can get as an Attribute Type Description id number Unique ID of the solution folder name string Name of the solution folder description string Description of the solution folder visibility number Accessibility of this folder. Thank you for this blog! As far as I know, Squarespace websites can be viewed across all mobile devices and mobile browsers. This way, the tickets of the contacts can be mapped to the company. Array of agent user ids separated by comma ''.
