She must figure out who is trying to kill his son or die forever trying. Especially if you want to debate Star Wars. He was an interesting character, with so much heart because of who he is and who his parents are, and what he can do. Callie was okay, I liked her determination but sometimes she can get annoying. If she can act like a bodyguard to his son, Plutus, and find out who is trying to kill him, Hades will restore her to life. It was solved pretty quickly. I love Tisiphone in this book as she is funny, sassy, and fierce. I wasn't always thrilled with the execution, but I fell in love with the story. I voluntarily reviewed an advanced reader copy of this book, being a huge fan of this author's work so was really excited to read this. I was most definitely not disappointed by it!!! Tessa is definitely a woman with an amazing inner voice which is delightfully caustic and sarcastic - I found myself laughing a couple of times.
