However, near the end of the book the tone bordered on environmental advocacy, thereby forfeiting some objectivity. He has teamed with his colleague George Nassos to masterfully distill their decades of experience in to this powerful and useful work. Don't have a Kindle? After thirty-two years as a corporate executive in the chemical and environment. This book would make a good text for sustainability programs. We use cookies to give you the best possible experience. ReviewText "Sustainability is now part of the lingo for most corporations and a book that will offer a wealth of ideas, especially since it also outlines a series of case studies from companies with a proven track record in sustainable development.
